If your answer to one or more of the above is "YES", then perhaps you, your school, or your community might be interested in becoming actively involved with Blue Lake Fine Arts Camp's International Exchange Program!

Blue Lake Fine Arts Camp is a Michigan non-profit corporation, and a summer music "school" which celebrated its 38th season of operation this past summer. The International Exchange Program, which began in the Fall of 1969, has enjoyed 33 years of making music and friends with European host families and musical groups.

In return, Blue Lake has hosted nearly 500 musical organizations from Europe in Michigan and the Midwestern U.S. We have arranged two-week tours for all, and accommodations are in private American host families in each community visited.

We are presently seeking Chairmen, Communities, and/or Musical Organizations or Ballet Schools in Europe which are interested in an exchange with Blue Lake's International Youth Symphony Orchestra, Symphony Band, Choir, Ballet Ensemble or Jazz Band. Enclosed for your information, please find informational materials on our plans for 2003.

We would like to share our young musicians and their music with your school and/or community. In return, we will welcome a musical group from your community for a two-week tour here in Michigan.
